

ST BARTHS ENTRY INFORMATION

St Barths welcomes all travellers presenting a proof of vaccination.

Please note the entry requirements depend on countries classification based on French health indicators.

Please note the entry requirements for the countries listed in **GREEN and **ORANGE**.**
Orange countries: Haiti, Australia, China, Thailand, Suriname, Guyana, Libya, Egypt, Algeria, Mali, Liberia, Russia, ... all countries, except "green" countries.

St Barths welcomes travellers coming from **GREEN** and **ORANGE** Countries presenting a **proof of vaccination**.

Vaccinated travellers: No test is required to enter St Barths for all travellers presenting a proof of vaccination.

Unvaccinated travellers aged 5 or older must present a negative PCR test taken within 72 hours or an antigen test taken within 48 hours of the departure flight to St. Barths to be approved entry.

PLEASE NOTE ALL RULES ALSO APPLY FOR PREGNANT WOMEN.

TRANSIT INFORMATION

SXM - Juliana airport, St Marteen*

All passengers arriving / departing by air, boat or in transit, are required to fill the **Saint-Maarten EHAS form** for pre-approval. You will find the application by clicking [here](#). **Please note this form also needs to be completed for your departure, and you will need to check the entry details of your return country.** Information available [here](#).

All non-fully vaccinated travellers 5 year of age and older are required to have a negative PCR test taken within 48 hours or a negative antigen test taken within 24 hours before departure.

*Please note that the country classification for St Marteen is different from that established by the French government.

*Entry requirements for all passengers in transit to St Marteen on their way to St Barths.

St Martin French side - Entry requirements are the same in the French part of St Martin as in St Barths. If traveling with the *Voyager ferry*, kindly please check their travel requirements [here](#).

PTP - Pointe à Pitre, Guadeloupe - Vaccinated travellers: No test is required to enter Guadeloupe for all travellers coming from France presenting a proof of vaccination. This includes transiting passengers to St Barths.

Antigua - More information available [here](#).

Fully vaccinated passengers are not required to present a PCR/Antigen negative test to be permitted entry to Antigua and Barbuda. This includes transiting passengers to St Barths.

Puerto Rico - Travellers entering Puerto Rico must fill out a Travel Declaration Form through the Puerto Rico Health Department's online portal, Information available [here](#) .

Private aviation - The entry requirements remain the same for all visitors. Please be reminded that you should always specify your destination when arranging private flights. Kindly check with the local FBO for further details.

TEST REQUIREMENTS

When needed, a COVID-19 test must be taken by an accredited laboratory in the host country. At home COVID-19 testing solutions [including live testing support from certified guides](#) are also accepted.

VACCIN & INFORMATION REQUIREMENTS

France accepts vaccines recognized by the European Drug Agency (EMA): Pfizer, Moderna, AstraZeneca, Johnson & Johnson and Covishield.

INSURANCE

We strongly recommend that guests acquire travel insurance aimed to cover flight delays, flight cancellations, mandatory quarantine, medical evacuation, or inability to travel due to a positive COVID-19 test result.

Last update: Friday, May 13, 2022

This is a summary of the latest travel and border entry regulations following the most recent French government announcements. The official version available [here](#). Please note the Covid-19 situation remains fluid and the following information is subject to change.
